

Adopt-A-Stream Guidelines

General Program Conditions

1. Maryville/Alcoa/Blount County encourages local businesses, civic organizations, watershed groups, church groups, academic institutions, scout groups, etc. to adopt local streams, rivers, and lakes for the purpose of managing litter along stream banks, shorelines, and in waterways.
2. Typically, a team of two people can cover one mile of a lightly littered stream channel in about one or two hours. Maryville/Alcoa/Blount County suggests groups adopt no less than one mile of a stream or river. *Remember the number of volunteers needed for the cleanup will depend on the length of stream or river adopted.*
3. Adopting organizations will be honored with an Adopt-A- Stream sign, which will include the organization's name. The sign will be posted after the first cleanup.
4. Each group must include a participating adult of 18 years or older. Individuals under 18 years can participate in a stream cleanup if supervised by an adult. Maryville/Alcoa/Blount County requires at least one adult per 6 youth.
5. Adopting groups agree to collect litter on both sides of the stream at least twice a year. It is recommend one cleanup in the late spring/early summer and one in the fall. Traditionally, the amount of litter is greatest during these times because of spring runoff and the beginning and the end of the water recreation season. **Please return "Stream Cleanup Event Notification Form" prior to cleanup event.**
6. Participants must adopt a stream for a period of three consecutive years. After three years, the adopting organization may renew their designation and agreement, modify their designation (*choose a different stream*), or terminate the agreement.
7. The Designated Representative for the adopting group must conduct a safety meeting prior to every clean up to review the supplied safety information. The Designated Representative may conduct the safety meeting immediately before a cleanup; however, this meeting must be held in a safe, appropriate area.
8. The adopting organization's Designated Representative must visit a Maryville/Alcoa/Blount County representative at least one week before a scheduled cleanup. At that time, Maryville/Alcoa/Blount County staff will provide the Designated Representative with safety information, gloves and trash bags for every member of the adopting group's cleanup crew.
9. The Designated Representative is responsible for notifying Maryville/Alcoa/Blount County staff if any of the adopting group's participants has a condition that might require special safety precaution or provisions covered under the Americans with Disabilities Act.
10. Adopting groups' members shall not trespass on private property. Permission from the property owner must be secured before entering private property.
11. The adopting group is responsible for notification to the appropriate Program Coordinator for location for all collected litter.
12. At least two weeks before the project date, the Designated Representative for the adopting group must send copies of the sign-in sheets all completed and signed safety liability release forms and the stream cleanup event notification form to the Adopt-A-Stream Program Coordinator.
13. Maryville/Alcoa/Blount County reserves the right to deny an adoption request or cancel the adoption agreement of any group.

Adopt-A-Stream

Application for Program Designation and Agreement

As stewards of Maryville's / Alcoa's / Blount County's water resources, we the members of _____ request permission to adopt a ____ mile segment of _____.

Name of Adopting Organization: _____

Number of stream cleanups per year (two required): _____

Designated Representative (**Primary**): _____

Street Address: _____

City: _____ State: _____ Zip: _____

Telephone Number (daytime): _____

Designated Representative (**Secondary**): _____

Street Address: _____

City: _____ State: _____ Zip: _____

Telephone Number (daytime): _____

The work will be performed under and in accordance with the General Program Conditions and Safety Guidelines both attached to this application and incorporated herein by reference.

Applications to whom an Adopt-A-Stream Program Designation and Agreement are issued shall at all times indemnify and save harmless the City of Maryville/ the City of Alcoa/ Blount County, and all employees, agents and officers, from responsibility, damage, or liability arising from the exercise of the privileges granted under designated programs. The Program Designation and Agreement may be terminated by the City of Maryville /the City of Alcoa/ Blount County at any time. Adopt-A-Stream Safety Guidelines

1. Before an adopting group applies to adopt a stream, or before any program activities are initiated, the group's Designated Representative shall survey the stream on the days and during the hours the group intends to perform cleanups to determine if stream conditions are safe and appropriate for the ages and abilities of the group's members. If, at any time, the adopting group feels the adopted section of stream has become unsafe for litter pickups, the group's Designated Representative should call the local Program Coordinator and he or she will work with the group to identify a safer stream section or a different stream.
2. The Designated Representative of the adopting group must conduct a safety meeting prior to every cleanup to review the supplied safety information. The Designated Representative may conduct a safety meeting immediately before a cleanup; however, this meeting must be held in a safe, appropriate area.
3. Individuals under 18 may participate in a stream cleanup only if supervised by an adult. Adopting groups must provide at least one adult supervisor for every six (6) children under 18 years old.
4. Adopting groups should avoid working on steep slopes or in confined stream/river stretches with limited ingress/egress.
5. Adopting groups shall not work around/on class one rapids or greater.
7. Cleanup participants are encouraged to wear a bright orange safety vest or bright clothing (*or, if appropriate a life-jacket*) at all times. Participants shall also wear gloves.
8. Always work in groups of two or greater. **Do not work alone!**
9. Cleanup participants shall not drink water from any stream. Refreshments should be provided by the Contact Person and/or project organizer or participants may bring their own.
10. Cleanups shall be scheduled during daylight hours and during fair weather. Remember to schedule a "rain-date" ahead of time.
11. Cleanup participants are encouraged to take breaks, drink fluids, and avoid overexertion.
12. Do not pick up materials that appear hazardous or unsafe.
13. Be alert for snakes, stinging insects, and poisonous plants.
14. Applicants to whom an Adopt-A-Stream Program Designation and Agreement are issued shall at all times Indemnify and save harmless Maryville/Alcoa/Blount County. **All volunteers shall sign a liability release form prior to participating in any cleanup activities.** Liability forms must include the following language: *Adopt-A-Stream Program volunteers shall at all times indemnify and save harmless the City of Maryville/the City of Alcoa/Blount County, agents and officers, from responsibilities, damage, or liability arising from the exercise of the privileges granted under designated programs.*
15. Adopting groups shall provide volunteers with emergency phone numbers, as well as a means to contact the appropriate authority in case of an emergency (*a mobile phone or the location of the nearest pay phone*), and first aid kits.

Adopt-A-Stream

Stream Cleanup Checklist

- Submit Application for Local Program Designation to appropriate Adopt-A-Stream Program Coordinator
- Form an organizing committee
- Conduct visual survey of cleanup area
- Select the project date and the time of the event
- Locate and reserve a central meeting place
- Arrange for the disposal of collected litter through the appropriate Adopt-A-Stream Program Coordinator
- Obtain permission from landowners with property in the proposed cleanup area
- Recruit stream cleanup volunteers from your organization or community
- Publicize the stream cleanup project
- Gather cleanup equipment and materials
- Conduct safety meeting
- Send copies of sign-in sheets (*please attach all signed liability forms*) and the Stream Cleanup Event Notification Form
- Conduct stream cleanup and litter collection
- Begin planning next cleanup

Stream Cleanup Event Notification Form

Organization: _____

Designated representative: _____

Representative phone #: _____

E-mail address: _____

Date of cleanup: _____

Stream cleanup site: _____

Central meeting location: _____

Approximate number of volunteers: _____

Please determine the number of supplies you need: _____ Bags _____ Gloves

Determine litter collection area (bags must be placed together at least 8 feet from edge of road):

Please return form at least two weeks prior to stream cleanup event to the appropriate Adopt-A-Stream Program Coordinator:
